

OCTOBER 26, 2000
North Hampton Heritage Commission
Minutes

The meeting was opened by Jenifer Landman, Chair at 10:00 a.m.

Minutes were accepted with one typo change of "Pam" to "Pat": "Pat will take Bob's suggestions back to LBH ..."

Barbara Hobby gave the Treasurer's Report - status of the funds for the brochure project. She mentioned that the Hampton Rotary contribution had not yet been received by The North Hampton Historical Society and that only part of the Alliance money had been received. Jenny said that she would review the grant contract to see when funds were to become available. Pat Meyers, of LBHHC, said that they had not yet discussed a possible contribution to the project.

Suggestions of Printers were made for Jenny to acquire new quotes, as the quotes in file have expired.

Jenny said a few more permission cards had been received for North Hill. Two negatives had been received. The parson's house (new gray stone wall) was to be omitted and the site of the Dearborn Homestead was to be limited to the Dearborn Marker only. This was agreed. Jane would take suggestions on the change in wording.

The North Hampton Planning Board had written a request for 10-yr. CIP suggestions. This was discussed. Bob Southworth mentioned possibility working toward acquiring the train depot as a museum, however, the current owner would be unlikely to sell. We decided to submit three suggestions: 1) The possible conversion of the Town Office to a museum along with the expansion of the library; 2) Bob Southworth's suggestion of additional street lighting; 3) Bob Southworth's suggestion of a sidewalks, beginning with one between the school and the bridge at town center. Jenny will e-mail the proposed write up to all Commissioners and deliver a copy to Priscilla. Then she will prepare the forms required by the Planning Board by November 3rd and deliver to the Town Office.

The LBH walking tour was discussed. Pat Meyers gave copies of the newest edit to all present. Jane offered to edit for grammar and punctuation. She will e-mail corrections to Pat for approval before e-mailing the final to Susannah. Jenny read a letter she received from Jane Kent regarding her concerns about our participation in editing the LBH walk. Jenny will send a written response.

Meeting was adjourned before noon. Jenifer Landman
